EDUCATION

Master of Computer Application, Pune University   Expected 2025
Bachelor of Computer Application, Pune University   2019 - 2022

SKILLS

Languages and Frameworks	Java, PHP, JavaScript (React, MERN), HTML, CSS
Cloud Services	AWS Lambda, EC2, CloudFormation, CloudWatch
Databases	Amazon RDS, MongoDB, SQL
Tools	NPM, Postman, Git, AWS Management Console

PROJECTS

Pharmacy Management System (PMS)
Developed a comprehensive Pharmacy Management System using PHP and MySQL with Admin and Pharmacist modules to streamline pharmacy operations.

- **Admin Module:** Includes a dashboard with sales summaries, invoice search, medicine inventory management, and report generation.

- **Pharmacist Module:** Features dashboards for sales tracking, medicine inventory checks, search functionality, and sales reporting.

- Implemented profile management with options for updating and password recovery for both admin and pharmacists.

Nature Crafted Oil
Developed a custom e-commerce platform to connect local vendors with customers, promoting traditional Ghani oil and enhancing local market reach.

- Increased online sales and customer engagement by 25% through an improved user experience and streamlined purchasing processes.

- Implemented features such as vendor profiles, product listings, and secure payment options to drive local market growth.

CERTIFICATIONS

- **React Certification**: Issued by [Issuing Organization], [09 2023]
  Demonstrates proficiency in developing dynamic and responsive user interfaces using React.js, including component-based architecture and state management.

- **AWS Certified Cloud Practitioner**: Issued by Amazon Web Services (AWS), [12 2022]
  Validates foundational knowledge in AWS cloud services, architecture, and best practices.
